## WHY ACM?

Lake Forest College is one of 14 schools that form the Associated Colleges of the Midwest (ACM). ACM programs can offer you several advantages:

- A campus faculty advisor for every ACM program.
- An academic curriculum grounded in the liberal arts and sciences.
- Programs that are small in size, with other students from similar colleges.
- Course credits which should easily transfer to your college.
- Ease in the use of Financial Aid, with no ACM program application fee.
- A long history of students from your college attending ACM programs.
