WHY ACM?
ACM offers academically strong and culturally immersive programs, which are grounded in the liberal arts and sciences, with several distinguishing features:

• Opportunities to pursue your individual interests through independent study projects, hands-on research, and internships
• Small program size, with close faculty mentoring and distinctive opportunities
• Place-based learning that encourages community and cultural engagement
• A long history of students from your college participating in ACM programs, with academic credits that transfer and ease in the use of Financial Aid

CAMPUS APPLICATION PROCEDURES

• Students must complete the Monmouth College Application Packet, available on display racks at Poling Hall, Wallace Hall, or the CSB 2nd floor lobby.
• ACM application forms are available from the Monmouth faculty program advisors, the Coordinator of Off-Campus Study, or the ACM website.
• The Monmouth College Application Packet includes several forms which require faculty and administrative signatures. An application procedures page and an application checklist are also provided in the packet.
• The Monmouth application requires a copy of the ACM application.
• The Monmouth College committee will notify students as soon as possible with a decision about their on-campus review.
